At the School, all members of the School Council, staff members, Volunteers, Third Party Contractors and External Education Providers have a shared responsibility for contributing to the safety and protection of children and young people.

Our Child Protection Policy

In order to comply with our responsibilities in relation to Child Protection, we have established a suite of child protection policies which enables us to comply with our legal and regulatory requirements. We are committed to the effective implementation of our child protection policies and ensuring that it is appropriately reviewed and updated.

Child Safe Human Resources Practices

We are committed to ensuring that our human resources practices create a safe environment for our students. To this end, we have established procedures for recruiting and screening employees, our governing body members, volunteers and third party contractors. Any worker who engages in child-related work that involves direct contact (physical or face-to-face contact) with a child must undergo a Working with Children Check prior to commencing their role at the school.

Reporting Concerns

Staff, contractors, volunteers, students, parents/guardians and other community members who have concerns that a child may be subject to abuse are asked to contact the School. All communications will be treated confidentially on a 'need to know basis' and without threat of punishment or victimisation.

If you have any questions regarding our school's child protection policies and procedures, and how they apply to you, our Headmaster can answer any questions.
